

Department and Branch Recommendations

This section of the Budget includes appropriations, expenditures, and programmatic evaluation data for the Legislature, State Departments and the Judiciary. A single unified presentation provides a comprehensive view of all of a department's operations across all fund categories (Direct State Services, Grants-In-Aid, State Aid and Capital Construction) and funds (General Fund and Dedicated Funds). The four major dedicated funds included are Property Tax Relief Fund, Casino Control Fund, Casino Revenue Fund and the Gubernatorial Election Fund.

Direct State Services support the operation of State programs. Grants-In-Aid represent funds, which are allocated to various public, and private, non-profit agencies for State supported services. State Aid comprises recommendations for payments by the State to or on behalf of a local unit of government, including school districts, municipalities and counties. Capital Construction includes funds for various equipment, renovation and construction of facilities, and infrastructure projects such as roads, bridges, and wastewater treatment systems.

- Departmental presentations in alphabetical order. Within departments activities are grouped by Statewide Programs;
- Departmental overview with total Direct State Services funding recommendations by program and spending object;
- Objectives for each program;
- Purpose of department divisions and programs;
- Evaluation data detailing measures of performance, effectiveness and efficiency;
- Three-year comparison of prior year expenditures, current year appropriations and Acting Governor Codey's major budget recommendations for each program.

LEGISLATURE
OVERVIEW

The Legislature is the State's highest lawmaking body. It is one of the three separate and independent branches of government that make up the checks and balances system created by the New Jersey Constitution and is empowered to appropriate funds for the operation of State government. The 40 members of the Senate are elected for a term of four years. The 80 members of the Assembly are elected for a term of two years. The Office of Legislative Services, a nonpartisan agency that provides legislators with economic and budget analyses required for making legislative decisions, is also a part of the legislative branch. Legislative commissions assist in the legislative process by providing in-depth studies, holding public hearings, and making recommendations on select issues as they arise.

Budget Highlights

The fiscal 2006 recommendation for the Legislature is \$75.1 million. It provides \$11.6 million to the Senate and \$19.2 million to the Assembly. The recommendation also provides \$29.0 million to the Office of Legislative Services and \$15.3 million to the various legislative commissions.

The fiscal 2006 Budget recommends line-item appropriations to seven legislative commissions:

The Intergovernmental Relations Commission provides funding which permits the State of New Jersey to participate as a member of national and regional organizations.

The Joint Committee On Public Schools provides an ongoing study of the system of free public schools—its financing, administration, and operations.

The Commission on Business Efficiency in the Public Schools studies and recommends improvements that will result in greater efficiency in the operation of public schools.

The State Commission of Investigation (SCI) has received a fiscal 2006 appropriation of \$4.9 million, which is an increase of \$522,000 or 11.8% over its fiscal 2005 appropriation of \$4.4 million. SCI probes organized crime and improprieties in the conduct of public-funded programs. The Commission has repeatedly demonstrated its ability to uncover and document waste, fraud, and abuse at all levels of government via investigations that have recouped millions of dollars in tax revenues.

The New Jersey Law Revision Commission promotes and encourages the clarification and simplification of New Jersey laws.

The State Capitol Joint Management Commission ensures the artistic, historical and architectural integrity of any restoration or preservation project at the State House, the State House Annex, and the adjacent environs, and manages the capitol complex, including the security and janitorial services.

The Clean Ocean And Shore Trust Committee studies strategies to enhance coastal tourism and preserve, protect, maintain, and restore the natural and scenic resources and the environmental integrity of the Hudson—Raritan estuary and the New York/New Jersey Bight area. The coasts of New York and New Jersey, along with a strong ocean current, create a triangular mini-sea wedge within the ocean, which is officially known as the New York/New Jersey Bight.
